

550MB/s real-world speed massively boosts workflow efficiency

Connect to any USB computer or tablet with included combo USB-C/USB-A cable

Use anywhere with no AC outlet needed

Ultralight compact design easily slips into pocket or tucks into gear bag

OWC Atlas CFast Reader

USB Compatible CFast 2.0 Card Reader for DITs, Photographers, Videographers, and Content Creators

Massively boost your CFast media card workflow efficiency with the Atlas CFast Reader. Connect to any USB computer or tablet anywhere with bus-powered convenience thanks to the included combo USB-C/USB-A premium quality cable. With over 550MB/s real-world speed, you'll accelerate offloads and start post-capture edits faster. Whether you begin post processing in the field or back at the studio, the diminutive Atlas CFast Reader is ready to assist wherever, whenever, and however you prefer to work.

You express your creativity by telling visual stories through still images or moving footage. The Atlas CFast Reader was specifically designed for plug-and-play simplicity with CFast 2.0 memory cards to increase your work efficiency. No software or downloads are required...just plug this single-slot reader/writer into any USB port and start transferring your files.
